U.S. EPA, Region 5
77 West Jackson Boulevard (MI-9J)
Chicago, IL 60604-3590

Dear Regional Freedom of Information Officer:

This is a request for the following information about the 1775th Military Police Company Michigan Army National Guard located at 15000 West Eight Mile Road, Detroit, MI 48237. I have tried to find this information through public domains and have been unsuccessful. The purpose for this query is to investigate whether a veteran has a possible service connection claim for a current condition.

Does the EPA have data to support that this location was contaminated from storing military equipment or supplies sent there from Viet Nam? If yes, how may I access this information to answer the questions: What was actually stored at this location? What was done with it? Where can summary reports of this information be obtained?

Please inform me of the reasonable fee for obtaining this information. I may be reached at the above contact number with questions.

Sincerely,

Barbara Bosler, Esq.
